

# New Software Request Form

To request software that is not currently on the Curry College Approved Software List, please fill out the form below and email to [support@curry.edu](mailto:support@curry.edu). The Curry College Approved Software list can be found on the [Faculty and Staff Resources](#) page under the Technology tab on the My.Curry.edu portal. Once ITS receives this request, we will begin the vetting process of the software. If approved, software will be added to the Curry College Approved Software list and can be requested for installation on Curry owned computers.
