## Download Panopto Video as an .mp4 File

To save a Panopto video, you can download it as an .mp4 file to your Desktop or Flash Drive or Cloud Drive. The steps are:

- 1. Go to currycapture.hosted.panopto.com
- 2. Login to Panopto
- 3. Go to the Folder where the video resides, and below the video you would like to save, click on **Settings**:

4. Click on Outputs and Download Podcast:

		I Site		^
Verview	These are the various output formats and ways of accessing them.			
outputs	Panopto Web View	er		
treams earch :aptions Aanage og			View Session	
	Video Podcast			
	Туре		View Podcast Oownload Podcast	>
	Туре	Picture-in-Picture		
	Quality	576p (30 fps)		

5. The file will download as an .mp4.
